Summary

I am doing a bachelor's degree and am building my skills in data analysis using Power BI, Excel, and SQL. Through my learning and project work, I have been developing my ability to analyze data, identify trends, and present insights that can support better decisions. Although I am at the beginning of my professional career, I am eager to apply my analytical thinking and problem-solving skills to real business challenges.

Skills

SQL & Databases:: SQL, Microsoft SQL Server
Data Visualization & BI: Power BI, DAX, Power Query
Microsoft Excel: Pivot Tables, XLOOKUP, INDEX-MATCH, SUMIFS, COUNTIFS, Data Cleaning
Data Analytics: Exploratory Data Analysis (EDA), Data Cleaning, Data Transformation, Statistical Analysis, KPI Analysis
Soft Sills: Analytical Thinking, Problem Solving, Critical Thinking, Business Communication

Projects

Superstore Sales Analytics Dashboard
Excel | SQL | Power BI
- Analyzed Superstore sales data using Excel and SQL to evaluate sales, profit, customers, products, regions, and segments.
- Used SQL to perform aggregations, profitability analysis, Top-N analysis, loss-making product identification, YoY growth, and ranking using window functions.
- Created a Power BI dashboard that includes KPIs, sales trends, geographic analysis, customer performance, product performance, and profitability insights.
- Identified top-performing and loss-making products/customers, regional performance patterns, and the relationship between discounts and profitability.

Automated Sales MIS & Management Reporting System
Excel | SQL Server | Power BI | DAX
- Cleaned and validated sales data by handling duplicates, missing values, inconsistent categories, and data-formatting issues.
- Built SQL queries and reporting views to analyze revenue, profitability, monthly sales trends, and salesperson performance.
- Designed interactive Power BI dashboards to track KPIs, target achievement, regional performance, and product profitability.
- Developed exception reporting to identify underperforming salespeople, declining sales regions, and loss-making products.

Certificates

- Certified Data Analytics - Skillsetmaster
- Certified Data Analytics - TudeDude
